My dear friends and fellow Trusted Servants,

My life has taken many turns over the last few years. My life has changed in many wonderful ways, and I have been blessed with many dear friends and associates. I am honored to be part of the Green Mountain Area of Narcotics Anonymous service structure. Serving as your Regional Committee Member has been a joy and a privilege.

Returning to school has been an important change for me. As with many great blessings it has had its challenges. My health is, of course, the greatest challenge of my life. When I was miserable in early recovery people always said to me, "At least you've got your health." How right they were! As many of you know I have struggled to maintain my job and my recovery and my educational endeavor. After lengthy discussion with my wife I decided to first reduce, then resign my employment and take classes on a full-time schedule. After an equally in-depth, on going conversation with my sponsor, I have made a decision to resign my service position as your Regional Committee Member.

So, this is a measured action as I move forward in my life. I am sad to drop out of area service and find this necessary move unfortunate. Thank you all so very much for the opportunities to be of service to Narcotics Anonymous.
