We have a new motion

Motion #040520251

Motion Maker Tobin

Second Deb G.

Motion: To add to Appendix B of the ABCDRNA Regional Policy under Regional Committee Members (RCMs) as the third paragraph:

RCMs also keep the Region and other Areas advised of information and activities going on in their areas.

RCMs are the single point of accountability to ensure that the ABCD website is updated with information from their Areas in keeping with the policies of those Areas. Information should be updated monthly

regarding additions, deletions or changes to the meetings in that Area by

emailing abcdwebservant@gmail.com with changes to the meeting schedule and flyers for events in a jpeg format.

Intent:

To create a single point of accountability for who is responsible to get information to the Region for updates to the meeting schedule and events in the Areas while leaving flexibility for the Areas to delegate that responsibility if their policies allow for that.

Region would like Areas to discuss Do We Keep printing Regional Meeting Lists?
