

Hello:

On Tuesday the Last Straw Group held its monthly Group Conscious meeting. LSG meets on Tuesday and Thursday in Manchester. The following topics were discussed:

Attendance: The Tuesday meeting is regularly attended by approximately 5-10 people and is a hybrid meeting. However, the Thursday meeting continues to struggle with only 1 or 2 in attendance many weeks and is an in person only meeting. Therefore we will be discussing this with the wider group over the next several weeks to decide if Thursdays should be discontinued and make a decision at the November Group Conscious meeting.

All positions have been filled for the upcoming year. We do have a question about the person who would like to be the backup GSR as he does not yet have a year of clean time, but we have no one else for the position.

Our finances are stable and we are well stocked for literature and essential supplies.

Thank You

Beth P
LSG GSR
