

The Last Straw Group meets on Tuesdays from 6:00-7:00 PM. Our group conscious is now held on the third Tuesday of each month. As such, we met on Tuesday March 17th immediately following our regular meeting.

No new motions were passed. Due to personal issues at home, Remington needed to step back from his duties as literature chair, and Tim A stepped up from the assistant role within that position to take on the role full time. Other than needing a few medallions, we are fully stocked with all needed literature materials.

We discussed the on-going issue of poor attendance at our meetings. One suggestion was to reach out to other groups in the area, especially since we are a hybrid meeting, to see if they would be interested in attending. Also, because March has 5 Tuesdays, the last meeting of the month will be a speaking meeting, so we will ask someone from another area group to be our speaker, the idea being some of their home group members would most likely want to attend our meeting to hear him/her speak. Many of our regular attendees have begun to attend the Monday night meeting in Bennington for support.

Upcoming celebrations: Nancy S 23 years will be held on April 21st
Colin G 19 years will be held on April 28th
John M 4 years is still undecided and will let us know
