

LSG meets on Tuesdays only from 6-7pm in Manchester VT across from the Equinox Resort at the church. This is a hybrid meeting. We are averaging 6-7 people weekly but have had a number of celebrations recently which spikes our numbers even higher. There are no upcoming celebrations in August and our two remaining July celebrants have not yet chosen a date.

LSG has been in contact with our church liaison to discuss the missing key from one of our former trusted servants to see how we could make amends. The church stated there are well over 40 keys that have been distributed so they are not concerned at this time and they do not wish us to pay for the door locks to be changed. They further stated they understand we now only meet once a week instead of three times a week so rent will be considerably less. We remain in good standing with the church.

All of our positions are filled and we will have upcoming elections in the fall. Group conscious was held on July 21 with only three in attendance so not much was accomplished.

Thank You!
